

Hypo Clean Plus

Sodium Hypochlorite Solution

(Approx 4% w/v available chlorine)

Specifications

Property	Unit	Specified Limit	Observation
Appearance		Yellowish liquid	Complies
Boiling Point	°C	Decomposes	Complies
Density	Kg/ltr	1.05-1.07	1.06
pH		>8	9
Odour		Chlorine Like	Complies
Solubility in Water		100% soluble	Complies

Directions to use:

As per recommendations of Ministry of Health and Family Welfare, Sodium Hypochlorite is an effective disinfectant. It can be used on surfaces like door handles, taps, chairs and other places that we touch frequently.

	Recommended Concentration	Recommended Dilution	Method of Application
Area Disinfection (Spraying)	10000-11000 ppm Chlorine (1-1.1% Chlorine)	Add 4 ltrs water to 1kg Hypo Clean Plus	1. Spray diluted product on surface to be disinfected 2. Wipe with clean wet cloth
Area Disinfection (Wiping)	8000-9000 ppm Chlorine (0.8-0.9% Chlorine)	Add 5 ltrs water to 1kg Hypo Clean Plus	1. Wipe the area you want to disinfect with diluted product 2. Wipe with clean wet cloth
Washing Infected White Linens	1000 ppm Chlorine (0.1% Chlorine)	Add 20 ltrs water to 1kg Hypo Clean Plus	1. Soak white linens in diluted product for 30mins 2. Wash normally with detergent

Safety Instructions:

1. Keep away from food, beverages and consumables.
2. Use Eye Protection and Nitrile/Butyl hand gloves while using undiluted product.
3. Eye Contact: Wash immediately with plenty of water. Contact doctor.

Storage Information: Keep in a cool and dry place away from sunlight.

Note: Before using this product, the user is advised and cautioned to make their own determination and assessment of the safety and suitability of the product.
